

WebChart/Meditech/IntegradWeb Non-Disclosure Agreement

We greatly appreciate the service you provide to Overlake Hospital and the community and are pleased to inform you that Overlake Hospital Medical Center now offers physicians access to their patients' medical records via the Internet through the WebChart, IntegradWeb and Meditech systems. This technology increases the quality of care available to our patients by providing vital patient care information to physicians in real time which allows physicians to make as informed decisions as possible.

Overlake acknowledges and accepts its responsibility to protect the privacy of our patients' healthcare information and to comply with state and federal law. In order for Overlake to comply with current state and federal laws your agreement and signature is needed for the following:

1. All devices, passwords, or methods provided to you by Overlake to facilitate your access to patient healthcare information through the System are the sole property of Overlake. Overlake can require the return of or revoke permission to use any such devices, passwords, or methods at any time for any reason. You agree to return such devices or cease the use of such passwords or other methods immediately upon request by Overlake.
2. Overlake reserves the right to change at any time any aspect of the System, including the policies governing access to and the use of patient healthcare information from the system. Overlake may, in its sole discretion and without notice, revise the terms of this agreement or its policies in order to comply with security or privacy protocols established by Overlake or by federal or state agencies. Overlake also reserves the right to audit your use of the Webchart/Meditech/IntegradWeb System.
3. Your right to access the System is personal and exclusive to you only. You will not permit anyone, including members of your staff or colleagues, to access or use the System via your access device or password. Overlake may offer access to the System, or parts of the System, to your office and support staff via other access devices or methods that are limited to specific areas of patient healthcare information.
4. You shall use the healthcare information obtained through the System solely to provide healthcare to your patients and will not use or disclose the patient healthcare information for any other purpose. You shall take appropriate steps to protect the privacy of any patient healthcare information obtained through the System.

Please indicate your agreement by signing where indicated below and returning the signed document to OHMC Information Services. Any questions please contact Marlene Tuttle at 425.688.5238. Once again your hard work and service to the hospital is greatly appreciated.

I, _____, have read this document and agree to follow the policies and conditions stated herein regarding the use of the Access Device, Meditech, IntegradWeb and WebChart.

_____ Dated: _____, 2009.
