

## WASHINGTON IMAGING SERVICES, LLC

Dear Doctor,

We are proud to announce that **Washington Imaging Services (WIS) and Valley Radiologists**, in coordination with **Overlake Breast Health Center**, will provide seamless **Breast MRI Services**.

As of **February 15, 2010**, WIS will offer breast MRI imaging and biopsy services at our Bellevue location – just down the hall from Overlake's Breast Diagnostic Center. Valley Radiologists currently provides professional radiology services for the Breast Health Program at Overlake Hospital Medical Center with a core group of breast imaging specialists. These same specialists will also provide professional radiology services for the new Breast MRI program at WIS.

Through this partnership, there are many new Breast MRI service highlights you should know about:

- ❑ **Scheduling Convenience** – Breast MRIs can be scheduled 6 days a week.
- ❑ **Location** – WIS is located adjacent to the Overlake Diagnostic Breast Health Center on the second floor of the Overlake Medical Tower-patients can easily find us.
- ❑ **Imaging Technology** – Siemens' Symphony MRI and Sentinelle Medical's high performance breast coil provide the latest diagnostic and interventional tools to confidently diagnose and treat your patients.
- ❑ **Images and Reports** – Washington Imaging Services and Overlake Hospital's shared PACS system and remote viewing capabilities through IntegradWeb provide a single location for Breast MRI and mammogram image storage and viewing. The shared PACS system allows referring doctors to view images and reports on line.
- ❑ **Patient Comfort** – Our dedicated and experienced, caring staff and this MRI/coil combination ensures superior patient comfort for women of all sizes.

Washington Imaging Services and Valley Radiologists are excited about the opportunity to assist you and your patients. Please call 425-688-0100, ext 3 to schedule your patient's breast MRI. If you have any questions about WIS, Valley Radiologists or our Breast MRI imaging capabilities, please call Gary Beneze, WIS Clinical Marketing Director, at 425-462-4742.

Sincerely,

Douglas L. Gibson  
President and CEO  
Washington Imaging Services

Steve Scallon, MD  
Medical Director, Breast Imaging  
Valley Radiologists Inc., P.S.
